GO_Biological_Process_2021
adenylate cyclase-inhibiting G protein-coupled receptor signaling pathway (GO:0007193)
chemical synaptic transmission (GO:0007268)
anterograde trans-synaptic signaling (GO:0098916)
phospholipase C-activating G protein-coupled receptor signaling pathway (GO:0007200)
G protein-coupled receptor signaling pathway, coupled to cyclic nucleotide second messenger (GO:0007187)
adenylate cyclase-modulating G protein-coupled receptor signaling pathway (GO:0007188)
catecholamine metabolic process (GO:0006584)
positive regulation of ion transport (GO:0043270)
adenylate cyclase-activating G protein-coupled receptor signaling pathway (GO:0007189)
tachykinin receptor signaling pathway (GO:0007217)
