GO_Biological_Process_2021
regulation of synapse assembly (GO:0051963)
vesicle organization (GO:0016050)
spliceosomal complex assembly (GO:0000245)
regulation of DNA binding (GO:0051101)
polyol metabolic process (GO:0019751)
regulation of mitochondrion organization (GO:0010821)
regulation of interleukin-2 production (GO:0032663)
positive regulation of endocytosis (GO:0045807)
phosphatidic acid biosynthetic process (GO:0006654)
inositol phosphate metabolic process (GO:0043647)
