dorsal/ventral axis specification (GO:0009950) outflow tract septum morphogenesis (GO:0003148) • Hits • 1

regulation of sodium ion transport (GO:0002028)

aortic valve development (GO:0003176)

negative regulation of osteoblast differentiation (GO:0045668)

regulation of cation transmembrane transport (GO:1904062)

regulation of sodium ion transmembrane transport (GO:1902305)

regulation of ossification (GO:0030278)

aortic valve morphogenesis (GO:0003180)

negative regulation of ossification (GO:0030279)
