aerobic electron transport chain (GO:0019646) Hits mitochondrial ATP synthesis coupled electron transport (GO:0042775) 26

Gene ontology in mistyrose module with 325 genes

24 mitochondrial respiratory chain complex assembly (GO:0033108) 20 mitochondrial translational termination (GO:0070126) mitochondrial translation (GO:0032543)

translational elongation (GO:0006414)
